Harald Stephan - Windsurf-Scout Berlin

In der Windsurfer Sache: Geiz ist absolut nicht geil! ... besser ist: leben (surfen) und leben lassen!

In naher Zukunft kann es, dass sich - bei Geiz ist geil - folgende Tendenzen fürs Windsurfen ergeben:

1. die Windsurfshops vor Ort, die auf eigenes Risiko auf Vorrat einkaufen, Beratung nur nach besten Wissen und möglichem Gewissen leisten können und daher unbedingt 18 bis 25% Marge zum Überleben benötigen, werden nach und nach vom Markt verschwinden
2. die kleinen Online-Shops, die zwar hobbymäßig engagiert, aber wegen der Beratungsintensivität mindestens 13 bis 20 % Marge benötigen, werden auch nach und nach vom Markt verschwinden
3. nur die großen Online-Shops, die keine Beratung leisten und wegen des großen Umsatzes von von 3 bis 7% Marge (effektiv ca. 7 % bis 15% Marge - wegen des kostenlosen Versandes) leben können, bleiben am Markt!
4. viele insbesondere kleinere europäische Hersteller werden zum Direktvertrieb übergehen!

Mittelfristiges Fazit bei Geiz ist geil: Der Windsurf-Kunde bleibt auf der Strecke, ist den Herstellern hilflos ausgeliefert und sucht sich aus Verzweiflung eine neues Hobby. Der Windsurfmarkt schrumpft, die Preise steigen weiter, die Innovation der Hersteller nimmt ab und das faszinierende Hobby Windsurfen wird für die meisten Interessierten unerschwinglich und zunehmend elitär!

Daher unser Appell: Tut etwas für euch und kauft nur bei einem Shop vor Ort oder im Internet ein, der eine kompetente Beratung leistet, selbst wenn seine Preise 5 bis 7% über denen der billigsten Online-Anbieter liegen!
